Bullitt BX31 Directional LED

Redtronic's BX31 directional LED's are ultra-bright, versatile warning lights. They are part of the Bullitt family and are available in 4 sizes including single and double stack, making them the ideal solution for a wide variety of vehicle applications within the emergency and safety services. The BX31 is available in single, tri and multi-colour options and feature R65 Class I output, EMC/R10 approval, IP69K rating, CAP168/ICAO approval for airport use, wide angle optics, synchronisation with other units for simultaneous or alternating operation, 10 flash patterns, it comes with a black bezel as standard (white option available SP_B31BEZ-W) and a 5-year warranty.

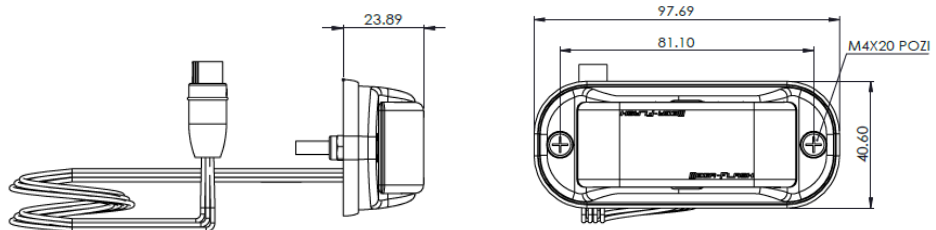

Part Number	Colour	Voltage	Stack Type	Bezel	LEDs
BX31AC/BK		11-30VDC	Single	Black	3
