

DIRECTIONALS

MagSafe™ Magnetic LED Warning Light

The MagSafe™ LED directional light offers long life, low-maintenance operation with no moving parts or flashtubes to break or replace. This premium LED head features an amber or red polycarbonate lens with 18 LEDs. This unique light can be mounted in a variety of places and is powered by 4 AA batteries. Warning capability can be customised by selecting from flashing or steady burn modes. The MagSafe™ LED is covered by a 1 year warranty.

Features and Benefits

- High-strength neodymium magnet
- Flashing and steady burn modes
- Powered by 4 AA batteries
