KEY POINTS

APPLICATIONS

IP69K INGRESS PROTECTION

IP67 & IP69K protected, ready for tough, dusty, wet environments and high-pressure washdowns.

LED WORK LAMP

This powerful LED work lamp features 8 x 5W ultra-bright LEDs to provide an impressive flood beam with 3780 Lumen.

MAIN FEATURES

- ✓ Multi-voltage (10-30V)
- ✓ Meets CISPR25 class 3 requirements
- ✓ High-thermal conductivity plastic housing
- ✓ Tough polycarbonate lens
- ✓ 7 flash patterns including cruise mode
- ✓ Single amber flash meets ECE R65 approval
- ✓ 500mm power cable

AMBER WARNING LIGHT

ECE R65 approved amber warning light powered by 12 x 1W amber LEDs (single flash).

PLASTIC HOUSING

Lightweight alloy-plastic housing and bracket for durability and superior heat dissipation for long-lasting performance.
