

CLED36A CORNER MODULE

NEW RANGE OF CORNER LED MODULES OFFERING WIDE-ANGLE & 360° CLASS I & CLASS II APPROVED AMBER WARNING LIGHT

DESIGNED TO BE MOUNTED ON THE CORNER OF VEHICLES, THE NEW CLED36A PROVIDES WIDE-ANGLE AND 360° R65 CLASS I AND CLASS II APPROVED AMBER WARNING.

Featuring advanced LED technology and a wide-angle optical design, the compact yet powerful CLED36A is engineered to deliver exceptional visibility and reliability for emergency, highway maintenance, utility, recovery, and commercial vehicles.

KEY POINTS

APPLICATIONS

HIGH-POWER AMBER LEDS

Manufactured with 36 x 1W high-power amber LEDs to provide ECE R65 class II approved amber warning light.

WIDE ANGLE R65 LIGHT SPREAD

Wide angle light spread with just 1 x CLED36A fitted. Complete 360° perimeter visibility when 4 x CLED36A are mounted and linked.

MAIN FEATURES

- ✓ Multi-voltage (10-30V)
- ✓ 19 flash patterns in total including 'steady-on'
- ✓ Single, double (default) & quad flash patterns meet R65 approval
- ✓ Robust polycarbonate lens and heavy duty aluminium die-cast base
- ✓ Manufactured with 500mm multi-core cable
- ✓ Link multiple units for synchronised and alternate flash
- ✓ Dimming function for reduced R65 class I flash (night mode)

ROBUST CONSTRUCTION

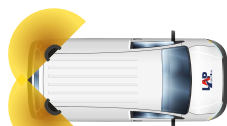

Tough polycarbonate lens and die-cast aluminium housing ensuring dependable performance in demanding applications.

IP67 & IP69K INGRESS PROTECTION

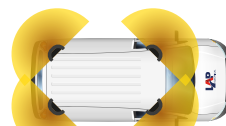

IP67 & IP69K rated providing complete protection against dust, high-pressure water jets and the harshest weather.

CAT 'X' R65 CLASS II
180° wide angle light spread from single CLED36A

CAT 'HT' R65 CLASS II
270° wide angle light spread from 2 x CLED36A

CAT 'T' R65 CLASS II
360° full-coverage light spread from 4 x CLED36A

VARIABLE BRACKET
Supplied with every CLED36A module
