VANLITE V31

Long life, high intensity Cree LEDs - The LED Vanlite V35 uses the latest in LED technology offering optimum performance and extended life, thereby reducing vehicle downtime and increasing productivity. The V35 uses only 6W to produce 624 lumens of clean white light, which is up to 7 times brighter than the original OEM light, whilst using up to half the power consumption, creating a safer, more productive working environment.

Fits into existing OEM aperture & connector - The V35 carries exactly the same fitment specification as the original OEM light to enable quick & easy installation.

Quick & easy to install - The V35 is easy to install without the need for more holes or drilling. Simply pop out the original light, unplug and replace with the V35 - in less than 30 seconds.

10 year warranty - Built with the latest hi-tech heat management and hard-wearing components, the V35 comes with Labcraft's market leading 10 year warranty.

V35 = Trigger Switch
